Professional Experiences

IBM Solutions Delivery Philippines

UP Ayala Land Technohub, Don Mariano Marcos Ave., Diliman, Quezon City, Manila

February 2026 to May 2026

Internship - JAPAN CSU

- Improved my technical skills in test automation, particularly in using Selenium for automated testing and documentation.
- Improved my knowledge in programming languages such as Java and gained better familiarity with GitBash commands and version control workflows.
- Developed stronger problem-solving, communication, adaptability, and teamwork skills by working in a professional IT environment.
- Handling tasks independently, managing deadlines, and understanding industry-standard practices in software testing and system development.
- Received the IBM Best Improved Award 2026 in recognition of improvement, dedication, and performance during the internship at IBM Solutions Delivery Philippines.
